Special Program Opportunity! HORSE POWERED READING®

What is Horse Powered Reading?

An innovative, experiential and fun approach for youth ages 8 and up, to effectively build and strengthen reading skills.

Horse Powered Reading integrates social emotional learning with academics to improve literacy. Connecting with horses reinforces basic skills, effectively motivates learners, and encourages learning retention in a non-traditional, and supportive environment. Horses are natural teachers. Each have a distinct personality, along with defined social roles within their herds, allowing students to identify, relate to, and connect with them. Horses help participants reflect on how we approach relationships, learning, and challenges.

Why Horses?

HORSES HELP TO MAKE BUILDING READING SKILLS FUN

Each session is tailored to individual needs and the content for each session varies depending upon the skills being addressed. Horse Powered Reading offers students the opportunity to externalize reading challenges to explore and practice new skills and solutions in an emotionally safe and supportive environment.

HORSES HELP TO BUILD CONNECTION!

The horses are honest and present and respond openly without pretense. During Horse Powered Reading, the horse 'becomes the book' - the metaphor for connecting with the text, or content of the book. Horses offer immediate feedback for experiential learning to take place.
