Superintendent's Proposed Budget FY 23 School Year

Presented to the Goffstown School Board and the Goffstown Budget Committee

October 4 and 6, 2021

Brian Balke, Superintendent of Schools

1

Budget Vision for FY 23

Execute on the continuity of instruction and assessment in grades pre-K – 12.

Continue to attract and retain quality educators and staff.

Deploy technology that advances student learning and achieves operational efficiency and effectiveness.

Provide safe and clean school buildings with an emphasis on proactive maintenance and planning or future facility needs.

Maintain good communication with stakeholders in our community to promote transparency and allow for constructive feedback.

2

Budget – COVID -19 Implications

COVID-19 continues to present operational challenges for the District. Impacts are across all components of the budget from staffing, transportation, food service and health services.

For FY 23, the District's focus will be on educational remediation, enrichment and unfinished learning.

Emphasis on Mathematics based on testing data (local, state and national).

3

Budget – COVID -19 Implications

Use of Federal Grants to support student needs and investments in our capital infrastructure. We cannot supplant our current budget with grant funds based on Maintenance of Equity requirements.

Similar to FY 22, we are not budgeting for PPE or additional cleaning costs.

COVID 19 has caused unpredictability in our operations and warrants unique and innovative approaches to address challenges.

Our prior year actuals may not always be a good indicator of FY 23 expected costs.

4

Difference: FY 23 Requested and FY 22	\$ 96,226

8

Default budget calculation

Default budget consistent with NH RSA 40:13, IX (b).

One time expenditures removed from the default (example GHS and MVMS building appraisal cost of \$12,000)

Increases in propane and electricity costs are NOT part of the default- rather "new" spending.

Admin salary and non-union salary and benefits are considered "new spending" .

Special Education costs such as out of district placements, transportation are included in default as mandated by law.

9

Why is the FY 23 Default Budget lower than the FY 22 Approved Budget?

The GHS 20-year bond has been satisfied. The FY 23 default budget does not include \$567,488 in principal and interest costs.

The Maple and Bartlett 5-year modular classroom lease has also been satisfied. The FY 23 default budget does not include \$126,349 in lease payments.

Teacher salaries in the FY 23 proposed budget are level funded by positions, pending ratification and approval of a new collective bargaining agreement.

10

What budget lines demonstrate increases to the FY 23 default?

Voter approved salary and benefit obligations for support staff employees.

Special Education Increases -Out of District Placements, 5% increase approved by the NH DOE for providers, transportation, vendor contracted services.

SAU Management Assessments.

11

Budget - Overview

Salaries for support staff are based on voter approved collective bargaining agreement and included in "Base" budget amounts.

There is a pending CBA with the teacher's union. Upon agreement and ratification, this will appear as a warrant article in March 2022.

Health Insurance budgeted at a 6.2 % increase and Dental Insurance budgeted at 1.15% increase based on 10-year historical average. GMR expected in November, and we will adjust budget.

New Hampshire Retirement System – unlike last year's increase in rates, there are no changes for FY 23.

12

Budget - Overview

Energy unit costs for electricity have been somewhat stable. Natural gas pricing (Bartlett only) has increased in FY22. However Level funded for FY23.

Propane costs have increased by 36% from \$1.16 to \$1.58 per gallon. These increases are "new" costs and not default.

Some adjustments to electricity costs based on prior years (Glen Lake) are "new" costs and default.

13

Budget - Overview

Transportation Costs have increased by 3% in this budget based on contracts with our regular and special education providers. We budgeted for 22 regular education buses which is the contractual minimum.

Reclassification of school IT budget lines to District lines as these positions provide service to all schools.

Repurposing of positions within the District to support 2 IT positions and an elementary school instructional coach.

There is one "new" position in the FY 23 budget – A Teacher/Interventionist position at the Bartlett Elementary School.

14

FY 23 Revenues

Tuition revenue increase of \$300,000 based on New Boston tuition estimates.

GHS Bond is satisfied. We will no longer receive building aid, resulting in a loss of revenue in the amount of \$262,446.

We expect slightly less state adequacy funds in FY 23 based on the current formula and the expected student enrollments for FY 23.

Investment income remains low on our deposits.

Grant revenues are up substantially based on ESSER II and ESSER III Grants. However, these revenues are neutral as they're offset by expenses.

15

Continued Funding of CIP and the CRF

GHS Rear Stairs – completed using CRF funds in the summer of 2020

MVMS Fire Cistern repairs – completed using CRF funds in the summer of 2021

Roof repairs/replacements - ongoing

Pavement - future

Information Technology Assets – future (mostly non CRF)

Boiler replacements - future

Drainage at GHS –by Metal Shop - future

Emergency generator – future (non CRF)

16

Use of Grants

The District typically budgets for IDEA and Title Grants. These grant expenses are included in the “Gross Appropriation” and offset by revenues with no impact to the tax rate.

In FY 23, the District is budgeting expenses and revenues for ESSER II and ARP ESSER III Grants. These grant expenses will be offset by corresponding revenues.

ESSER II and ARP ESSER III funds are available until 9/2023 and 9/2024 respectively.

In FY 23, the District plans to use these grant funds to support an Elementary School SPED teacher at Bartlett, and tutoring support. Capital projects are also being planned such as the replacement of older windows at Maple Ave, Bartlett, MVMS and GHS.

The District will continue to develop and refine our ESSER Use of Funds Plan for FY 23 and FY 24.

What Makes Glen Lake School Unique

- Rolling Enrollment for Preschool
 - Special needs students enter on their 3rd birthday throughout the year. Based upon current trends we can anticipate adding in excess of 25 identified 3-year-olds by June 2022. Students can also enter at any point after their third birthday through Child Find. We anticipate adding identified 4-year-olds through Child Find, as well.
 - There is no mechanism to forecast the number or the unique needs of special education students who age into our program.
 - Our preschool program accounts for the high percentage of special needs students at Glen Lake.
