## Budget Vision for FY 24

---

“Back to Basics” and a return to normalcy from the impacts of COVID 19.

Focus on high-quality instruction.

District Staffing- continue to attract and retain quality educators and staff.

Deploy technology that advances student learning and achieves operational efficiency and effectiveness.

Provide safe and clean school buildings with an emphasis on proactive maintenance and planning or future facility needs.

Maintain good communication with stakeholders in our community to promote transparency and allow for constructive feedback.

4

## Budget – Priorities

---

For FY 24, the District's focus remains on educational remediation, enrichment and unfinished learning.

Mental Health, Social-Emotional Learning, and implementing the Signs of Suicide Program.

Emphasis on Mathematics based on testing data (local, state and national).

Schoolology – Continued implementation of comprehensive learning management system.

Teacher Mentorship Program for new teachers.

Implementation of the District's Emergency Operations Plan.

5

## Budget – Other

---

Continued Use of Federal Grants to support student needs and investments in our capital infrastructure. We cannot supplant our current budget with most grant funds based on Maintenance of Equity requirements.

Acknowledgement of inflationary pressures, while balancing responsible school district budgeting.

Reallocation of resources amongst schools to remain staffing neutral.

Prior year actuals may not be a good indicator of FY 24 expected costs due to the impact of COVID-19 and cost inflation.

## Default budget calculation

---

Default budget consistent with NH RSA 40:13, IX (b).

One-time expenditures may be removed from the default (example Glen Lake Cistern Inspection of \$10,000)

Increases in propane and electricity costs are NOT part of the default- rather "new" spending.

Admin salary and non-union salary and benefits are considered "new spending" .

Special Education costs such as out of district placements, transportation are included in default as mandated by law.

9

## What budget lines demonstrate increases to the FY 24 default?

---

Voter approved salary and benefit obligations for teachers based on collective bargaining agreement.

Special Education Increases -Out of District Placements, 5% increase approved by the NH DOE for providers, transportation, vendor contracted services.

SAU Management Assessment.

10

## Budget - Overview

---

Salaries for teachers are based on voter approved collective bargaining agreement and included in "Base" budget amounts.

There is a pending CBA with the support staff union. Upon agreement and ratification, this will appear as a warrant article in March 2023.

Health Insurance budgeted at a 6.5 % increase and Dental Insurance budgeted at 1% increase based on 10-year historical average. GMR expected in November, and we may need to adjust budget.

New Hampshire Retirement System – there was a slight decrease in NHRS retirement rates for FY 24 and FY 25 (Employees from 14.06% to 13.53%, Teachers 21.02% to 19.64%).

11

## Budget - Overview

---

Energy supply costs for electricity have been stable due to a multi-year contract that extends thru 11/2023 at .078 per kw. Natural gas pricing (Bartlett only) has increased in FY23 and expected to rise further in FY 24. We will need to negotiate a new agreement for electricity in FY 23.

Propane costs have increased by 9% from \$1.58 to \$1.71 per gallon, based on a two-year futures contract with Dead River. These increases are "new" costs and not default.

Some adjustments to electricity costs based on prior years (ex. Glen Lake) are "new" costs and not default. Will address increased electricity costs in the FY 25 budget (after new agreement)

12

## Budget - Overview

---

Some transportation costs have increased by 3% in this budget based on contracts with our regular and special education providers. We budgeted for 22 regular education buses which is the contractual minimum. However, we are receiving credits due to consolidated bus routes.

Repurposing of positions within the District (and within some schools) to support the needs of students and remain staffing neutral.

Alternative Education Program moved back to GHS, and the 3.5 Full Time Equivalent Employees (FTEs) are being repurposed.

13

13

## FY 24 Revenues

---

Tuition revenue increases based on FY 24 New Boston tuition estimates.

We expect slightly less state adequacy funds in FY 24 based on the current formula and the expected student enrollments for FY 24.

Investment income remains somewhat low on our deposits, though interest rates on our accounts will likely rise in the short term.

Grant revenues are up substantially based on ESSER III Grants. However, these revenues are neutral as they're offset by expenses.

14

14

## NH State Education Adequacy

### Then - 2004

Base Adequacy per Pupil \$3,390

Total Received \$9,824,506

### Now - 2023

Base Adequacy per Pupil \$3,786

\$10,936,342

### **Over a 19-year period....**

The base adequacy per pupil increased \$396.66 OR \$20.88 per year.

Total State Aid increased \$1,111,836 or \$58,518 per year (on average).

NH Residential Property Taxes make up the greatest share of school district revenues.

17

## Use of Grants

---

The District typically budgets for IDEA and Title Grants. These grant expenses are included in the “Gross Appropriation” and offset by revenues with no impact to the tax rate.

In FY 24, the District is budgeting expenses and revenues for and ARP ESSER III Grants. These grant expenses will be offset by corresponding revenues.

ESSER II and ARP ESSER III funds are available until 9/2023 and 9/2024 respectively.

In FY 23, the District used these grant funds to support an Elementary School SPED teacher at Bartlett, tutoring support, mental health counseling, MVMS .5 FTE guidance counselor, GHS Student Support Services. Capital projects included the replacement of older windows at Maple Ave, Bartlett, MVMS and GHS.

In FY 24, use of ESSER III Grants funds will support a new math curriculum and offset the costs of a GHS Game Field Renovation Project (artificial surface with lights). Additional funding from a private donation and impact fees.

## Who makes up our population Free and Reduced Students?

The percentage of students who participate in the free and reduced lunch program is critical to the District's State Adequacy and Federal Grant opportunities. During FY 21 and FY 22, USDA programs provided free school meals to all students. In FY 23, that USDA program was not renewed by Congress. Goffstown District Food Service has reinstated the program and is working to secure all applicable applications to accurately reflect this subset of our student population.

Assistant Head Cooks = 3

Part- time Assistants = 13 PT = 9.5 FTE

## Food Service Fund Balance

The Goffstown Food Service Fund is a separate fund that is self sustaining; meaning that expenses for food, labor and operations are offset by revenues (local lunch sales, State child nutrition, Federal aid, and USDA commodities)

In FY20 and FY21 due to COVID-19, transfers were made from the General Fund to the Food Service Fund to cover revenue losses. In FY 22, due to the USDA Free Lunch Program, we experienced an overall budget surplus.

Food Service Fund Balance as of June 30, 2021 = \$135,325

Food Service Fund Balance as of June 30, 2022 = \$449,638 \*

Net Change = increase of \$314,313\*

\* Some of the fund balance was used to replace aging equipment.

## Budget Overview

<b>FY 2023 Budget</b>	<b>\$ 2,353,339</b>
FY 2024 Base	\$ 2,593,122
FY 2024 New	\$ 29,298
FY 2024 Requested	\$ 2,622,420
Difference: FY 24 Requested and FY 23	\$ 269,081 (11% increase)

2

# What Makes Glen Lake School Unique

- Rolling Enrollment for Preschool
  - Special needs students enter on their 3<sup>rd</sup> birthday throughout the year. Based upon current trends we can anticipate adding in excess of 15 identified 3-year-olds by June 2023. Students can also enter at any point after their third birthday through Child Find. We anticipate adding identified 4-year-olds through Child Find throughout the year, as well.
  - There is no mechanism to forecast the number or the unique needs of special education students who age into our program.
  - Our preschool program accounts for the high percentage of special needs students at Glen Lake.

3

# Projected Class Size for 2023-2024

	Total Number of Students	Number of Teachers	Average Class Size

Kindergarten	135	4	17
<b>TOTAL</b>	<b>*220</b>	<b>8</b>

\*Preschool typically developing peer "role models" were not added to classes in FY 21 as we first worked to meet the needs of preschoolers identified with special needs during reopening. We normally accept approx. 56 role models for this number of classes.

\*\*In FY 23 we are still not back to full role model enrollment. We currently have 33 typically developing peer "role models" enrolled. We normally accept approx. 56 role models for this number of classes. Enrollment may increase throughout this year, as we accept applications for 3-year-old typically developing peers.

\*\*\* Additional students received services only.

\*\*\*\* We have no accurate mechanism for predicting the size of enrollment each year. October enrollment does not reflect enrollment later in the year, as we continue to add preschoolers.

**COST PER PUPIL BY DISTRICT, 2020-2021**

The Cost per Pupil represents, with certain adjustments, current expenditures from all funding sources (local, state and federal) associated with the daily operation of schools. Payments to other school districts and private schools have been subtracted. Revenues from the sales of lunches have also been excluded.

Cost per Pupil is calculated by subtracting tuition and transportation from K-12 current operating expenditures, and then dividing by the average daily membership in attendance (ADM-A). The report "State Average Cost Per Pupil and Total Expenditures" identifies which expenditures have been included or excluded. The per pupil amount of all expenditures - operating, tuition, transportation, equipment, construction, interest and non-K-12 expenditures is **\$21,842.89**.

## **FY 2023 Adequate Education Aid**

### **How the Cost of an Opportunity for an Adequate Education is Determined**

RSA 198:38 through 198:42 specify how aid is calculated and distributed. Chapter 91, Sections 51, 322, and 323, Laws of 2021 also describe changes to the FY 2023 calculation.

#### Students:

Adequacy Aid is calculated using the Average Daily Membership (ADM) of the students who reside within a municipality. Any full-time student K-12 enrolled in school for the entire year has an ADM of 1.00. If a student moves mid-year, they are counted as a fractional ADM in each municipality. Pursuant to statute, the previous school year ADM (2021-2022) is used in calculating the current fiscal year (FY 2023) adequacy aid. However, Section 51 of House Bill 2 of the 2021 State Budget Session requires the Department of Education to consult with the Governor's Office and determine if ADM for Free and Reduced Price Meal eligible students needs to be modified in accordance with the methodology described in State law.

The total ADM for a municipality consists of:

- Students who attended a school operated by their resident district.
- Students tuitioned by the resident district to a district-operated school in NH or another State.
- Students tuitioned by the resident district to a non-public school, such as a special education program.
- Preschool students are not included.
- Charter schools students are not included, except as provided for in RSA 194-B:11.
- Home school students enrolled in high school academic courses at the rate of 0.15 ADM per course, only if excess adequacy aid appropriations exist at the end of the year.

#### Cost of Adequacy:

Every two years the base per pupil cost and additional costs for certain students are adjusted for inflation and used for both years of the State's biennium. RSA 198:40-d specifies that the US Bureau of Labor Statistics' Consumer Price Index for All Urban Consumers, Northeast Region, special aggregate index of "services less medical care services" will be used to make the adjustments. For the biennium starting July 1, 2021, this inflation adjustment is an increase of 2.1%.

For FY2022 and FY2023, the base per pupil rate is \$3,786.66 per ADM. Adequacy includes an additional rate for certain students as follows:

- \$1,893.32 for a free or reduced-price meal (F&R) eligible student. This eligibility determination is based on household income not participation in a lunch program. Students from households receiving TANF or SNAP are automatically eligible. Others are certified if parents/guardians provide income information.
- \$2,037.11 for a special education (SPED) student who has an individualized educational plan (IEP).

- \$740.87 for an English Language Learner (ELL) receiving English Language instruction. Students who have advanced to the monitoring stage are not included.
- \$740.87 for each 3<sup>rd</sup> grade pupil whose achievement score on the state assessment for reading was below the proficient level, provided the student is not already counted in any of the above three categories. Students who did not take the test are not counted.

For each municipality, the cost of an opportunity for an adequate education is calculated by applying the base rate and applicable additional rates to the ADM of each student.

### Calculating ADM for FY 2023

The ADM used for FY 2023 will be school year 2021-2022 with the exception of F&R ADM. The Governor authorized the Department to modify the F&R ADM being used in the FY 2023 formula. The modification was calculated by first determining the percent of F&R ADM relative to total ADM for school year 2019-2020. This percentage was applied to the total ADM for school year 2021-2022 to arrive at a modified F&R ADM for 2021-2022. The newly modified F&R ADM for 2021-2022 was compared with school year 2021-2022 actual F&R ADM, and the greater of the two numbers was used in the formula.

### **How Adequacy Grants are Determined**

#### Statewide Education Property Tax Assessment:

Pursuant to Statute, the Department of Revenue Administration determines the minimum tax rate needed to raise at least \$363 million from the Statewide Education Property Tax (SWEPT) for the following school year. However, for FY 2023 the minimum amount needed to be raised is set to \$263 million in State law, \$100 million less than the typical amount set in statute. This reduction in the amount needed to be raised is set to only occur in FY 2023 under current law. The tax rate, rounded to the nearest one-half cent, is applied to equalized valuations without utilities to achieve the minimum amount needed to be raised by the State. (RSA 76:3 and RSA 76:8.) Municipalities collect the SWEPT and send the total assessment amount directly to its school district(s). Within cooperative districts the assessment amount is credited to the individual towns. While municipalities are responsible for collecting and distributing this tax revenue, SWEPT is a State tax, not a local tax. For FY2023, a tax rate of \$1.230 per thousand will be applied to April 1, 2020 equalized values.

#### Relief Aid:

The Relief Aid grant is an additional grant for municipalities based on the percentage of F&R eligible ADM relative to the total ADM. Eligibility starts at 12% F&R eligible with a grant equal to \$150 per F&R student. The grant then increases by 12.5 cents (i.e., \$0.125) for each additional .01% increase in F&R percentage (e.g., 12.01% has \$150.125 grant). At 48 percent F&R eligible, the grant amount reaches a maximum of \$600 per F&R ADM. The Relief Aid Grant is prorated to \$17.5 million based on each municipality's percentage of the statewide Relief Grant award as initially calculated.

#### Extraordinary Needs Grant

The Extraordinary Needs Grant is an additional grant for municipalities based on the equalized property value over the number of F&R eligible students (EVFRP). The municipality's equalized valuation includes utilities but excludes railroad properties and payments in lieu of taxes. This equalized valuation

measurement is divided by the number of F&R eligible students to get the EVFRP for each municipality. If the EVFRP is over \$6 million, then no Extraordinary Needs Grant will be awarded. If the EVFRP is under \$1 million, then the grant will be calculated by multiplying each F&R eligible pupil by \$600. A municipality with an EVFRP between \$1 million and \$6 million will have a grant equal to \$0.00013 for each dollar above \$1 million per F&R pupil. This grant will only be awarded if the district completes an accountability plan on how they plan to use the funding to increase student outcomes. Districts will have until 9/30/2022 to opt out of receiving this grant and completing an accountability plan.

#### Preliminary Grant Plus Relief Aid & Extraordinary Needs Grant:

When the SWEPT assessment is subtracted from the cost of adequacy, the balance is the preliminary grant. Next, the Relief Aid grant and Extraordinary Needs grant are added. If SWEPT is more than the cost of adequacy, then the preliminary grant is zero.

#### SWEPT Reduction Hold Harmless Grant

A SWEPT Reduction Hold Harmless Grant is provided to municipalities that receive less of a total education grant when the new SWEPT amount raising \$263 million statewide is compared to the SWEPT amount when \$363 million is raised statewide. This is determined by first calculating the total education grant using the \$263 million SWEPT grant. The total education grant is the preliminary grant, plus relief aid and SWEPT. The SWEPT reduction hold harmless grant is determined by comparing the calculated total education grant when \$263 million is raised statewide to the total grant award if \$363 million was raised statewide, the larger of the two calculations is used for determining the total education grant and the difference is considered the SWEPT Reduction Hold Harmless Grant.

#### Stabilization Grant:

When a new funding formula was enacted for FY 2012, to ease the impact on municipalities facing a decrease in aid, the Legislature utilized a stabilization grant to cover the decreases. Not all municipalities received a stabilization grant in 2012. For FY 2023, the stabilization grant will be 100% of the 2012 amount. The stabilization grant is paid in addition to the total education grant.

#### Inclusion of Home-Schooled Course Credit:

Prior to the final payment of adequacy grants in April, the Department of Education will determine if the appropriation allocated in the state budget for adequacy aid is sufficient to allow for inclusion of an ADM credit of 0.15 for each enrollment in an academic course by a home-schooled student.

#### Final Grant:

A municipality's final grant is the sum of its preliminary and stabilization grants. For the final calculation in April 2023, the total grant will be no less than 95% of the November 15, 2021 estimate.

## **Publication and Payment Schedule**

### **Publication Schedule for Adequacy Aid:**

The first estimate is published on the November 15<sup>th</sup> that precedes the beginning of the fiscal year. ADM is estimated using data from the second preceding school year and applying adjustments for anticipated enrollment increases or decreases. This estimate is generally used to set school budgets.

The second estimate is made on September 1<sup>st</sup> of the fiscal year using preliminary ADM data for the previous school year. This estimate is used by the Department of Revenue Administration to set school tax rates.

The final calculation is usually made by March using the prior year's ADM that has been closely reviewed. For FY2023, the Department will seek the Governor's authorization to determine if F&R ADM will exclusively use prior year ADM or a modified amount.

### **Grant Payment Schedule:**

The first payment of 20% by September 1<sup>st</sup> is based on the first estimate from the Nov 15<sup>th</sup> of the previous year. The second and third payments of 20% by November 1<sup>st</sup> and 30% by January 1<sup>st</sup> are based on the October 1<sup>st</sup> "final" estimate. The final payment (of approximately 30%) is made by April 1<sup>st</sup> and based on finalized ADM data.

**NHSBA Partial List of Unfunded Mandates & State Cuts Since 2007**

Year	Mandate	Fiscal Impact: Very Expensive: <i>VE</i> Expensive: <i>E</i> Moderate: <i>M</i> Not Expensive: <i>NE</i>	Prioritization: Very Important: <i>VI</i> Important: <i>I</i> Moderately Important: <i>MI</i> Nice-to-Have: <i>N</i>	NHSBA Rating: Enter in Rating Options Here	Notes
2007	HB 790 – raises age of “dependent young adults” by allowing those who are younger than 26 years of age to remain on a dependent’s health insurance.	<i>E</i>	<i>I</i>	Enter NHSBA Rating	This bill became Federal Law in the subsequent year with the ACA.
2007	HB 556 – obligation to create emergency response plans.	<i>NE-M</i>	<i>I</i>	Enter NHSBA Rating	Time and resource commitment. Initial cost was moderate, subsequent years is not expensive.
2008	Via Executive Order: •\$2.5 million cut from court ordered placements •\$1M cut from catastrophic special education aid •\$500K cut from Vocational Tuition and Transportation aid •Dept of H&HS cut \$14.8M •NHDOE cut \$4M	<i>E</i>	<i>VI</i>	Enter NHSBA Rating	This bill impacted districts differently, especially court ordered placements. Some districts had to absorb more costs into their own operating budgets. CAT Aid seems to vary based on who is in control of the budget in a given year, so this too can be expensive based on the district involved.
2008	SB 359 – updates health education curriculum to include instruction on alcohol/drugs; child abuse; HIV/AIDS; and sexually transmitted disease. No funding was allocated.	<i>NE</i>	<i>MI</i>	Enter NHSBA Rating	Any curriculum changes requires time and resources. In the absence of a model curriculum or exemplar, this is time consuming for staff. Sometimes requires the purchase of new books and/or curriculum materials.
2009	HB 1 and HB 2 (state budget) •Catastrophic special education aid cut by \$3M •State contributions to NHRS cut from 35% to 30% in first year of state budget; cut from 30% to 25% in second year of state budget	<i>VE</i>	<i>VI</i>	Enter NHSBA Rating	Retirement contributions being reduced is VERY expensive and a shift to local taxpayers. Example, in FY 22 Goffstown SD’s retirement costs are around \$4M. This one change going from 35% to ) state contribution resulted in a \$1.4M cost transferred to the local tax burden or around \$1.00 on the local tax rate.
2010	HB 1 (special session/state budget): •Catastrophic special education aid cut by \$7.8M •Vocational Tuition/Transportation cut by \$600K	<i>VE</i>	<i>VI</i>	Enter NHSBA Rating	Continued costs to CAT Aid ( Special Ed) shifts costs to local tax payer. For the Goffstown. Example, Goffstown SD would receive around \$450-500K in CAT aid in 2006. Adjusted for inflationary costs, that number would likely be \$700K in present dollars. This last year, we received \$360K. Arguably a 50% reduction or \$350K loss.
2010	HB 1265 – requires school boards to develop and implement a policy to address air quality	<i>NE</i>	<i>MI</i>	Enter NHSBA Rating	Testing is/was inexpensive. Mitigation of air quality can be very expensive.
2010	HB 1289 – requires schools to do an annual air quality test	<i>NE</i>	<i>MI</i>	Enter NHSBA Rating	See above
2010	SB 486 – suspension of building aid program	<i>VE</i>	<i>VI</i>	Enter NHSBA Rating	The suspension of building aid is arguably one of the most consequential of all state legislative actions. Both New Boston and Goffstown have space needs issues, but do to no building aid have used portable classrooms as a medium to long term solution rather than brick and mortar additions or new buildings.
2011	HB 1 and HB 2/State Budget: •Adequacy aid level-funded •Building aid eliminated; state pays current obligations; no new funding/new projects •Catastrophic special education aid reduced to \$21.5M for both 2012 and 2013; estimated costs are \$35M •Vocational Tuition and Transportation budgeted for \$6.9M; estimated costs are \$10M •Dropout prevent cut from \$1.6M in 2011 to \$600K in 2013 •State contributions to NHRS cut from 25% in 2011 to zero in; estimated loss is \$82M in 2012 and \$89M in 2013; raise in employee contributions puts losses at \$28M in 2012 and \$22M in 2013, which needs to be made up locally.	<i>VE</i>	<i>VI</i>	Enter NHSBA Rating	See above
2012	SB 300 – places more specific responsibilities on local districts in determining the delivery of special education services for students at charter schools	<i>E</i>	<i>I</i>	Enter NHSBA Rating	This is also based on the individual school district. The costs of special ed services and transportation for a district like Goffstown for students placed in charter schools in is in the range of \$200K-\$350K a year.
2012	SB 372 – education tax credits; business can donate to a “scholarship organization” which then distributes a voucher; business receives tax credit; state loses revenue	<i>NE-M</i>	<i>MI</i>	Enter NHSBA Rating	Cannot quantify costs for this
2013	None	Enter Impact Rating	Enter Priority Rating	Enter NHSBA Rating	Enter Any Notes
2014	HB 533 – requires students to attain math competencies in mathematics for each year in high school. No additional funding.	<i>NE-M</i>	<i>MI</i>	Enter NHSBA Rating	Any curriculum changes requires time and resources. In the absence of a model curriculum or exemplar, this is time consuming for staff. Sometimes requires the purchase of new books and/or curriculum materials.
2015	HB 1 and HB 2/state budget – Adequacy aid level funded; building aid funded at \$37M (NHDOE requested \$50M); court ordered placements cut from \$2.5M to \$1.5M; other programs level-funded; cuts to stabilization grants.	<i>M</i>	<i>MI</i>	Enter NHSBA Rating	Enter Any Notes
2016	HB 527 – requires each district that has a school resource officer enter an agreement with local law enforcement to develop and implement an MOU.	<i>NE</i>	<i>N</i>	Enter NHSBA Rating	There was the initial cost of time and resources to develop the MOU.

Year	Mandate	Fiscal Impact: Very Expensive: VI Expensive: E Moderate: M Not Expensive: NE	Prioritization: Very Important: VI Important: I Moderately Important: MI Nice-to-Have: N	NHSBA Rating: Enter in Rating Options Here	Notes
2016	SB 157 – requires students in high school to take and pass a government and civics competency assessment; they didn't put this in the adequate education standards, so there was no concurrent funding.	NE-M	MI	Enter NHSBA Rating	Any curriculum changes requires time and resources. In the absence of a model curriculum or exemplar, this is time consuming for staff. Sometimes requires the purchase of new books and/or curriculum materials.
2016	SB 369 – requires public schools to provide age-appropriate drug and alcohol education to students.	NE-M	MI	Enter NHSBA Rating	See above
2016	SB 460 – requires school boards to ensure that health and physical education includes components relative to child abuse.	NE-M	MI	Enter NHSBA Rating	See above
2017	HB 216 – requires school districts to provide coursework and access to curricular offerings for students who have been suspended.	NE-M	MI	Enter NHSBA Rating	See above
2017	SB 45 – requires a civics course in high school as part of graduation requirements; no state funding associated with the bill.	NE-M	MI	Enter NHSBA Rating	See above
2018	HB 1674 – replaces and adds new educational content to school approval standards for an adequate education. Technology education and information/communication technologies have been eliminated; replaced with engineering technologies, computer science, and digital literacy standards.	M	I	Enter NHSBA Rating	Ongoing costs of technology
2018	HB 1612 – data security plans; no cost to develop the plan; but implementation may cost districts tens of thousands of dollars.	E	VI	Enter NHSBA Rating	Initial costs of HB 1612 was probably around \$150k-\$250K for Goffstown. Recurring compliance costs are in the range of \$50K-75K.
2018	SB 247 – lead testing; districts have to test all sources of potable water for lead; no funding.	NE	MI	Enter NHSBA Rating	Testing is/was inexpensive. Mitigation of air quality can be very expensive.
2019	HB 4 (state budget) – increases school funding by approximately \$138M over the biennium; but does not change the funding formula; it was one-time money.	NE	VI	Enter NHSBA Rating	No cost to local school districts. However this one time revenue allowed New Boston to replace windows and HVAC systems, in Goffstown, we added a 4 classroom modular to our Kindergarten building.
2019	HB 713 - extends the mandate to provide transportation from the previous grades 1-8 to kindergarten through grade 8 (for students living more than 2 miles from the school).	M	MI	Enter NHSBA Rating	We only have 1/2 day programs in New Boston and Goffstown. This law change forced us to provide mid-day transportation. Cost for NB around \$20K. Goffstown \$60K. (COVID 19 has hampered our ability to best gauge this impact as these are estimates for FY 22)
2019	SB 263 – creates a private right of action for students/parents to sue school districts in state court based on discrimination.	NE-M	I	Enter NHSBA Rating	Enter Any Notes
2019	SB 282 - Each district must develop a local policy that guides the development and implementation of a coordinated plan to prevent, assess the risk of, intervene in, and respond to suicide. By April 1, 2021, each school district will have engaged all faculty, staff, contracted and personnel in 2 hours of mandatory suicide awareness and prevention training. This training will occur annually thereafter.	M	VI	Enter NHSBA Rating	Implementation and tracking of these trainings. For all employees, 2 hour training requirement. Average \$25 an hour for 600 employees. First year implementation cost was around \$25k. Subsequent years around \$15K-20K
2020	SB 142 – require districts to purchase and provide feminine hygiene products.	NE	MI-I	Enter NHSBA Rating	Initial costs were around \$5K. Future years \$1-2K for supplies.
