

Dear New Fourth Grader,

Welcome to fourth grade and an exciting year ahead. As you probably already know, we will be studying everything and more about the state of New Hampshire next year. If you have the opportunity to travel around the state this summer, take pictures and grab some brochures and pamphlets. You will be able to use them for the New Hampshire Project 2025!

While we certainly want you to relax and have fun in the months ahead, we also know it is important that you continue to keep up with your reading and basic math skills. We are sending home a few things to help you over the summer.

Lastly, if you plan on doing any back-to-school shopping, here is a list of items that would be helpful for fourth graders to have:

- ~ A 1-inch three-ring binder
- ~ A pocket folder to keep in the binder
- ~ Basic #2 pencils AND erasers
- ~ a 1-subject notebook
- ~ tissues
- ~ Clorox wipes

Have an awesome summer vacation...we can't wait to meet you in the fall!

Mrs. McNish

Your Fourth Grade Teachers
